NURSERYMAN

**NEW BRAUNFELS
TEXAS**

Please Read Before Ordering

When ordering, always write your name and address plainly. Shipping season begins about November 15, and extends to March 10.

We fill orders as soon as received if possible.

Packing is done in the best manner, and we bear all cost of same.

We guarantee every tree and plant true to name, but mistakes are liable to occur. In such cases we will refund the money paid or refill the order free, but not for a greater sum than that originally received.

Terms are cash with order. Money can be safely sent either by postoffice money orders, express money orders, or in a registered letter.

Transportation charges are not paid by us, but we always add extra trees and plants to partly or wholly pay the cost of same.

We have the I. & G. N. and M. K. & T. railroads, and the Wells-Fargo and American express companies. Directions for marking and shipping orders should be given. If express office is different from postoffice, this should be stated on the order sheet.

Mistakes, if any are made by us, will be cheerfully adjusted, if reported.

Small trees, plants, etc., can be sent by Parcels Post, but sufficient postage must be sent with order; all larger trees and plants can be shipped much safer by Express, at low rates.

If we are out of a variety ordered, and you allow us to put in some other, we will try to give superior value, but if you prefer the money returned, please say so in your order.

Except where particular varieties are wanted, you will get the best assortment by leaving the selection, in part at least, to us.

We have no agents whatever. This book is our only salesman.

Write your order in English or in German and address all letters etc.

Nurseryman

Season 1915 -- 1916

New Braunfels, Texas

GREETING.

We take great pleasure in handing you our new edition of our Annual Nursery Catalog of first-grade "stuff" with complete descriptions and prices; and if you buy of me through this "Silent Salesman", I will prove to you by fair and square dealings that your confidence is not misplaced.

We keep our variety lists confined to such sorts as are best adapted to the different sections of our territory, offering only such varieties as should produce the best results under ordinary conditions.

We have a big lot of Nursery Stock this year, assuring all orders to be satisfactorily filled.

I wish to thank all my friends and customers for their liberal patronage and solicit a continuance of the same. With best wishes,

Yours very truly,

A. W. STEINBRING.

G r u ß

Hiermit übersende ich Ihnen die neue Ausgabe meines jährlichen Katalogs mit ausführlichen Beschreibungen und Preisangaben, und wenn sie durch diesen „stillen Verkäufer“ von mir kaufen, werde ich durch reelle und ehrenhafte Handlungsweise mich Ihres Vertrauens wert zeigen.

Ich danke allen meinen werten Freunden und Kunden für ihre mir bisher zu teilgewordene liberale Kundschaft und hoffe, daß sie mich auch fernerhin mit ihren Aufträgen beehren werden. Mit besten Wünschen,

Hochachtungsvoll,

A. W. Steinbring.

Fruit Trees

Peaches

There is no other fruit that is more successfully grown in Texas than peaches, as they succeed in almost any soil. Plant from 14 to 18 feet apart each way, and give clean cultivation. Don't fail to cut trees back to about 2 to 3 feet when planted.

While there are many hundreds of varieties of peaches, in the following list will be found the cream of the lot. Date of ripening is about the average at New Braunfels.

Kein Obst wird in Texas mit besserem Erfolge gezogen als Pfirsiche; sie gedeihen fast in jedem Boden. Man pflanze die Bäume 14 bis 18 Fuß weit auseinander in jeder Richtung und kultiviere, so daß das Land rein bleibt. Beim Pflanzen schneide man auf 2 bis 3 Fuß zurück. Aus hundertten von Sorten wird man folgende als die besten finden. Die angegebene Reifezeit ist die durchschnittliche für Neu-Braunfels.

Prices, except as noted: 4 to 5 feet, 20 cents each; \$2.00 per 12; \$14 per 100. 3 to 4 feet, 15 cents each; \$1.50 per 12; \$12 per 100. Extra selected trees, 5 to 6 feet, 25 cents each; \$2.50 per 12.

FREESTONE

Victor. Earliest of all; medium size, of beautiful color and good quality.

May-Flower. A beautiful "red all over" peach, of good size and good flavor. A good bearer for so early a variety, as it ripens with or before Victor.

Japan Dwarf Blood. Bright color; tree grows not quite so tall as other varieties; sure bearer. Ripens in May.

Greensboro. A large white peach with red cheek; fine flavor. Ripens with or before Alexander. One of the best early peaches.

Alexander. Large red, of good quality. Ripens the last days of May.

Triumph. The best early yellow peach; excellent quality, sure bearer. June 5 to 15.

Bokara. Large, of good quality and bears every year; very hardy. June 1 to 10.

Honey. Medium size, the sweetest peach that grows; a good bearer. June.

Katherine. One of the finest peaches we have to ripen by the end of June; large, white with red cheek, flesh firm and of excellent flavor; a good bearer. 25 cents per tree, \$2.50 per 12; extra large trees. 50 cents each. \$5.00 per 12.

Early Belle. A fine, red-cheeked peach, very large and of finest flavor; tree is a strong grower and productive. June and July.

Carman. Very large and of finest flavor; productive. Ripens June 10 to 15.

Pallas. White with red cheek, of good quality; annual bearer. June and July.

Lula Crawford. A peach much resembling "Thurber", only ripening a few days earlier. Tree also a strong grower and, can say, a sure bearer. Fruit of best quality.

Belle of Georgia. Large, white and of fine flavor; bears well. July.

Elberta. One of the best for home or market; large, yellow, fine flavor; good bearer. July 15 to 25.

Capt. Ede. A large white freestone, of good flavor. The tree is one of the strongest growers and bears well. Ripens in July.

Thurber. Large white flesh, red cheek; sure bearer. July.

Gold Drop. Large yellow, ripening just before "Elberta". A fine, good-flavored peach.

Salway. A large, yellow-fleshed peach. Ripens in August.

Stump the World. Large, white with red cheek; juicy and of fine flavor. Ripens in July.

CLINGSTONE

Mamie Ross. Large size, of good quality; bears well. Middle of June.

Rogers. Similar to Mamie Ross; sure bearer. Ripens in June.

Gen. R. E. Lee. A large, cream-colored peach; good bearer. June and July.

Comal Cling. Large, yellow with red cheek. July.

Carpenter. A large white peach with a tinge of red; sweet and juicy; sure bearer. July.

Chilow. Large yellow, of good quality; will keep for a long time. July.

Sylphide. A white clingstone, of medium to large size, and of good quality. A good bearer. July and August.

Indian Cling. A large red-fleshed peach, very juicy. August.

Old Mixon Cling. One of the best clingstone peaches, juicy and of finest flavor; productive. August.

Weaver. A large yellow Clingstone of very good quality. Good bearer. One of the best peaches that ripen in September.

Heath Cling. A large, white peach, good quality. September.

Stinson's October. Large, white with red cheek, flesh firm and juicy. October and November.

Seedling Peaches. 4 to 6 feet, 10 cents each; \$1.00 per 12.

Plums

Plant same as peaches, and give frequent cultivation. There is no other fruit that bears at as early an age as the plum; some varieties bear fruit when but one year old. Plums seem more fruitful when there are different varieties in an orchard, as they pollenize each other more perfectly.

All you want is the best, and they will be found in the following list.

Man pflanze wie Pfirsiche und bearbeite häufig. Kein anderer Obstbaum trägt so jung wie der Pflaumenbaum; einige Sorten tragen schon, wenn ein Jahr alt. Pflaumenbäume scheinen besser zu tragen, wenn verschiedene Sorten durcheinander gepflanzt werden, da die Blüten dann vollständiger befruchtet werden.

Prices, except as noted: 4 to 5 feet, 20 cents each; \$2.00 per 12; \$16 per 100. to 4 feet, 15 cents each; \$1.50 per 12; \$13 per 100. Extra large trees, 40 cents; \$4.00 per 12.

Funk's Early (Hybrid). This is the best early plum. Red, heart-shaped, of good size, sweet and firm, very prolific; ripens middle of May. Price 35 cents each, \$3.50 per 12.

McCartney (Native). Large, golden yellow color, egg-shaped, productive. May. 30 cents each, \$3.00 per 12.

First (Hybrid). A strong upright tree; fruit large, of excellent quality. A good bearer. Ripens middle of June.

Wild Goose (Native). Large red, very good; good bearer. June.

Happiness (Hybrid). A new plum. The fruit is very large, color glowing red, and in quality it is rarely equaled. It is really the finest plum I ever saw. Tree is a good grower and very productive.

Climax (Hybrid). Very large and of fine flavor; beautifully colored. June.

Hale (Japan). Rapid growing tree. Fruit large, very sweet; ripens in June.

Excelsior (Hybrid). A variety which has proven its value in nearly all sections of the South. Fruit of good size; round, reddish purple; flesh juicy, melting, and sweet. Does remarkably well.

Botan (Japan). Large, yellowish green overspread with red; sweet. Plant some Botan plum trees. June.

Gonzales (Hybrid). A large red plum, sweet and juicy; tree

is a good grower and very prolific; should be in every orchard; one of the very best. Middle of June.

Red June (Japan). Large red, flesh yellow, good quality, productive. June.

Nona (Native). Large, bright red color, juicy and of good quality. June.

Doris (Hybrid). A strong upright grower and a good bearer. Fruit as large as a Botan, but of darker color. June.

Shiro (Hybrid). Fruit large, yellow, egg-shaped; will keep for a long time; bears enormous crops. June.

Santa Rosa. Large red of excellent flavor. Tree a strong upright grower; late bloomer. One of Mr. Burbank's latest introductions. 30 cents per tree; \$3.00 per 12.

Sultan (Japan). Large, purplish-red. Flesh wine-colored; of good quality. June and July.

Normand (Japan). Large, of beautiful golden color. Ripe June and July.

Wickson (Japan). Very large, dark red color; tree of upright growth and very productive; should be in every orchard. July.

Ohio Prolific (Native). Medium, red; sure to bear every year. June and July.

Burbank (Japan). Large, roundish, flesh yellow, sweet when fully ripe; sure bearer. Don't fail to plant it. June and July.

Indian Chief (Native). Medium to large, red, enormous bearer. July.

Robinson (Native). Of medium size, color dark red, sure bearer. July.

Bartlett (Japan). A large crimson plum. Has exactly the quality and flavor of the Bartlett pear.

Maynard. Tree hardy and vigorous grower. Bears well. Fruit large, nearly round, of rich crimson purple. Flesh firm, even when dead ripe, a good keeper. 30 cents each; \$3.00 per 12.

Kelsey (Japan). Very large, of greenish yellow color; finest quality; tree blooms early. August.

Satsuma (Japan). Large, with blood-red flesh and of good quality. Tree grows large and bears well.

Golden Beauty (Native). Medium size; yellow, colors long before ripe; tree blooms late. July and August.

Bears

This list of select varieties is well tested and proved valuable throughout the greatest section of the South.

Folgende außerlesene Sorten sind gründlich erprobt worden und haben sich im größeren Teile des Südens als wertvoll bewährt.

Price: Two-year-old trees, 4 to 6 feet, 25 cents each; \$2.50 per 12; \$20.00 per 100. 3 to 4 feet, 20 cents each, \$2.00 per 12; \$15.00 per 100.

Bartlett. The old standard. Large yellow, flesh melting and juicy. Ripens in August.

Garber. Fruit resembles Kieffer in size and color. Tree most vigorous and good bearer. Ripens a month before Kieffer.

Kieffer. Fruit large to very large, bright yellow with red cheek, and of good quality when fully ripe. Tree vigorous, rarely fails to bear a full crop. One of the best.

LeConte. A most rapid grower, and an annual bearer of large, pale yellow, bell-shaped fruit of best quality. The pear that leads its way to the South. July and August.

Smith's Hybrid. In growth similar to LeConte; fruit larger, very juicy. Ripens just before LeConte.

Apples

The growing of apples is fast assuming commercial importance in some parts of our State. Apple trees, the same as pear trees, should not be planted on land where there is root rot, as such soil will cause the trees to die out. If you think that your land may be adapted to apple culture, you should plant a few, or a dozen trees. We have tested many varieties of apples. The following is a collection of those that have proved valuable here.

Apfelpflanzung wird in einigen Theilen des Staates bald commercielle Bedeutung erlangen. Apfelbäume, wie auch Birnbäume, sollten nie auf Land gepflanzt werden, wo Wurzelfäule ist, weil sie auf solchem Boden absterben. Wer aber geeignetes Land hat, sollte einige, oder ein Dutzend Bäume pflanzen. Wir haben viele Apfelsorten probiert; die folgenden haben sich hier als wertvoll erwiesen.

Prices: Heavy trees, 4 to 6 feet, budded or grafted on first-class seedlings, 20 cents each; \$2.00 per 12.

Red June. Medium to large, dark red, mealy and high flavored. June and July.

Yellow Transparent. Medium size, of yellow color. July.

Early Harvest. Large, yellow, tender and juicy. July.

Cooper's Early White. Large, round, pale yellow with faint blush, flesh white, crisp and sprightly. The trees begin to bear at two years old.

Yellow Horse. Large, yellow with blush, a good summer apple, very prolific. July.

Wealthy. Fine quality, good all purpose apple, light yellow with red, tender and juicy, very productive. August.

Missouri Pippin. A fine apple of good size, pale yellow with red blush, prolific bearer. August and September.

Winesap. Medium size, flesh red and of good quality.

Ben Davis. Large, red on yellowish ground; very valuable.

Jonathan. Medium red, very fine eating apple. Tree a strong grower and very productive. July.

Transcendent Crab Apple. Worth all other crabs put together. Yellow striped with red. Tree a strong, healthy grower and an annual bearer. Ripens first part of July.

Apricots

The apricot seems to do best if planted where they will not be cultivated, except for the first year or two. The fruit has a fine, rich flavor, and a few trees should be planted in the back yard or some corner about the place. We can recommend the two varieties which we here offer.

Die Aprikose scheint am besten zu gedeihen, wenn sie nur im ersten u. vielleicht auch im zweiten Jahre cultiviert wird, dann aber nicht mehr. Die Frucht hat ein feines, reiches Aroma, und einige Bäume sollten im Hof oder in irgend einer Ecke gepflanzt werden. Die nachstehend offerierten zwei Sorten können wir empfehlen.

Price: 5 to 6 feet, 30 cents each; \$3.00 per 12. 3 to 4 feet, 20 cents each; \$2.00 per 12.

Moorpark. Large, orange yellow with red cheek; sweet and juicy. June.

Cluster. Fruit medium, yellow, good quality. Tree blooms late. June.

Japan Persimmons

Some of these should be planted by every family. The trees bear young and are very ornamental.

Jede Familie sollte einige dieser Bäume pflanzen; sie tragen jung und sehen sehr schön aus.

Price 30 cents each; \$3.00 per 12.

Hyakume. Large, orange red, very sweet, few seeds.

Yemone. Fruit large, resembles a tomato, color orange yellow to red.

Tau-Nashi. Very large, yellow to red, very few seeds. Very good quality when fully ripe.

Quinces

Price: 25 cents each; \$2.50 per 12.

The quince is only used for making all kinds of preserves and jellies, for which it is very valuable.

Die Quitte wird nur zum Einkochen und zur Herstellung von Gelee benutzt und ist für diesen Zweck ausgezeichnet.

Meech. Fruit large, yellow and of fine flavor.

Orange. Large, roundish, bright yellow.

Mulberries

Every farm should have a few mulberry trees about the back yard and where the chickens run. They make a quick shade and are long-lived.

Im Hofe und wo die Hühner herumlaufen, sollten auf jeder Farm Maulbeerbäume gepflanzt werden; sie geben schnell Schatten und werden alt.

Prices: 5 to 6 feet, 20 cents each, \$2.00 per 12. 6 to 8 feet, 30 cents each; \$3.00 per 12.

Hick's Everbearing. Tree of vigorous growth, and produces immense quantities of fruit for over two months.

Black English. A fine, large mulberry. Tree a rapid grower and good bearer.

New American. A quick-growing tree, very productive; the berries are very large, black.

Russian. Mostly planted as a shade tree, which is hardy and long-lived; the fruit is small. Some trees do not bear fruit at all. 8 to 10 feet, fine trees, 60 cents each, \$6.00 per 12; other sizes as above.

Cherries

The cherry is not recommended for South Texas, but succeeds well in some portions of the State, especially towards the Panhandle.

Für Südteas werden Kirscheln nicht empfohlen, aber in einigen Theilen des Staates, besonders nach dem Panhandle zu, gedeihen sie.

Price: 30 cents each; \$3.00 per 12.

Early Richmond. Medium, red, an old standard variety; early.

English Morello. Another popular variety. Ripens later.

Figs

Figs should be planted more extensively. Ripe fruit can be had almost every day from June till frost, provided there is enough moisture to keep the trees growing. Following are the hardiest and best varieties for general cultivation.

Feigenbäume sollten in ausgedehnterem Maßstabe angepflanzt werden. Reife Feigen gibt es fast jeden Tag von Juni bis Frost, wenn der Boden feucht genug ist für die Bäume zum Wachsen. Die folgenden Sorten sind die empfehlenswertesten und gedeihen am besten.

Price: 3 to 4 feet, 25 cents each; \$2.50 per 12. 2 to 3 feet, 15 cents each; \$1.50 per 12; \$10.00 per 100.

Magnolia. Fruit large, yellowish-white, productive. Very sweet.

Brown Turkey. Very hardy and one of the best bearers we have. Fruit brown, excellent quality.

Celestial. A small blue fig, very productive. Very sweet.

Brunswick. The large purple fig. Tree a strong grower.

Pecans

No class of trees is growing in popularity as fast as are pecan or other nut trees. Pecans are much harder to bud or graft successfully than other trees, so have to be sold at a higher price.

Keine Baumsorte gewinnt schneller an Beliebtheit, als Pecan- und andere Nußbäume. Es ist viel schwieriger, Pecanbäume mit Erfolg zu ocu-
lieren und pflanzen, als andere Bäume; sie kosten daher etwas mehr.

Price, 3 feet, \$1.00 each, \$10.00 per 12; 4 to 5 feet, \$1.25 each. A few large trees, quoted on request.

Stuart. Very large; shell thin; tree a rapid grower and an early bearer.

Schley. Large size; shell thin; flavor rich. Good grower and prolific.

Frotscher. Very large; meat can be taken out whole, and is of fine quality.

Van Deman. Large, 45 to 50 to the pound; shell thin; quality good.

Seedling Pecans. Grown from fine nuts. 2 to 3 feet, 25 cents each, \$2.50 per 12. 4 to 5 feet, 50 cents each, \$5.00 per 12.

Japan Walnut

These come into bearing early. Excepting pecans, this is perhaps the finest nut that grows. The tree has an abundance of fibrous roots, therefore transplant readily. Price, 3 to 4 feet, 50 cents each; 2 to 3 feet, 35 cents each.

Almonds

Price: 4 to 5 feet, 25 cents; \$2.50 per 12.

The tree blooms very early, so crops are often destroyed by late frosts.

Sultana. A standard variety, strong upright grower.

Medina. Originated in Medina County; said to be a good bearer, as it blooms later than the other varieties.

Pomegranates

Price: 20 cents each. \$2.00 per 12.

Large Sweet. Fruit very delicious; different from the common sour kind.

Nameless. For this variety we have no name. The fruit is very large and sweet. Tree is hardy and a good bearer.

Oranges

Satsuma. Hardest of the sweet orange family, fruit reddish yellow, almost seedless, very sweet, an abundant bearer. Trees 2 to 3 feet, 50 cents each.

Otaheite. An extra fine pot plant with glossy leaves. The little bright oranges will hang on the tree for nearly a year after they are ripe. 25 cents each.

Lemons

Kennedy. Of good quality, an early and abundant bearer. 50 cents each.

Wonder (or **Ponderosa**). The largest edible lemon grown, useful and ornamental, an everbearing variety. Price 25 cents each.

Grapes

The grape succeeds in almost any soil, therefore it should be planted more extensively than it is. We offer for sale only a few of the best, such as we can recommend.

Der Weinstock gedeiht fast in jedem Boden und sollte deshalb in ausgedehnterem Maße gepflanzt werden als bisher. Wir offerieren einige der besten Sorten; solche, die wir empfehlen können.

Price: 10 cents each; \$1.00 per 12; \$7.50 per 100.

Concord. Large bunches and berries, very good for table and market, blue-black.

Delaware. Medium berries, very fine; table and market; clear red.

Brighton. A fine large red grape for table, market, or wine.

Martha. Large white, very good table and market sort.

Moore's Early. Large, black, productive, very early. June.

Herbemont. Fruit of medium size, large clusters, very productive, purple.

Niagara. Large, amber-white, good quality.

Black Spanish. One of the best grapes, berries of medium size, good bearer. Extra heavy two- and three-year-old plants 20 cents, \$2.00 per 12. Big lot of strong plants at price of other varieties.

Catawba. Clusters and berry large, dark red, juicy; fine for market, table and wine.

Muscadine Grapes. The Muscadine type of grapes is at home in the South; are rank growers and heavy bearers. They are desirable for jelly, preserves or wine. We have several varieties, all black. 25 cents each, \$2.50 per 12.

Strawberries

We can supply these at 20 cents per 12, \$1 per 100, in the following three best varieties: **Klondyke**, **Excelsior** and **Lady Thompson**.

Berries

Every farm or city garden should contain a patch of blackberries or dewberries. They bear one year after they are planted, and annually thereafter. Price 40 cents per 12, \$2.00 per 100, except where noted.

Jeder Farm- oder Stadtgarten sollte ein Beet Brombeeren enthalten. Sie tragen ein Jahr nachdem sie gepflanzt sind, und von da an jedes Jahr.

Spalding Blackberry. The bush is a strong grower and enormous bearer, fruit very sweet. May.

Austin Mayes Dewberry. Fruit very large and fine-flavored; produces a full crop each year. Ripens in May.

McDonald Berry. This is a new berry, a cross between the blackberry and the dewberry. Fruit is large, juicy and of the very best quality. Hardiest, most vigorous and most productive of all berries here. Earliest of all, ripening first of April. Price 50 cents per 12. \$3 per 100.

Haupt Blackberry. An early, large, sweet berry. Very productive. 60 cents per 12, \$4.00 per 100.

Shade and Ornamental Trees

Nothing adds so much to the appearance of the home as well-cared-for shade trees or ornamentals.

Nichts verschönert ein Heim mehr, als gutgepflegte Schatten- und Zierbäume.

Catalpa. A rapid grower, very hardy. The leaves are heart-shaped and often measure ten inches across. In spring the tree produces large clusters of beautiful yellow flowers. 6 to 8 feet, 40 cents each. \$4.00 per 12. 5 to 6 feet, 20 cents each, \$2.00 per 12.

Umbrella China. Makes a fine shade quicker than any other tree. 6 to 7 feet, 40 cents; \$4.00 per 12; 5 to 6 feet, 30 cents. \$3.00 per 12. 7 to 9 feet, heavy branched, 60 cents each.

Cottonwood. A rapid-growing shade tree. 5 to 6 feet, 20 cts. each, \$2.00 per 12; 6 to 7 feet, heavy, 30 cents each. 7 to 9 feet, heavy branched, 60 cents.

Sycamore. This is one of the most satisfactory shade trees for any kind of soil. 5 to 6 feet, 25 cents each; \$2.50 per 12.

Box Elder. A well-known beautiful shade tree. 5 to 6 feet, 20 cents; \$2.00 per 12; 6 to 8 feet, well-branched, 30 cents; \$3.00 per 12.

Carolina Poplar. A successful shade tree. Resembles Cottonwood. 5 to 6 feet. 20 cents each, \$2.00 per 12.

Silver-Leaved Poplar. Leaves are white on under side, very ornamental, also good for shade. 5 to 6 feet. 20 cents each. \$2.00 per 12.

Pyramidal Poplar. Of tall pyramidal growth. 5 to 6 feet, 25 cents each.

Prunus Pissardi. (Purple-leaved Plum.) The finest purple-leaved small tree. The young branches are a very dark purple; the leaves, when young, are of a crimson color, changing to a dark purple, and retain this beautiful color till they drop, late in autumn; easily transplanted; flowers small, white, single. 4 to 5 feet 20 cents, \$2.00 per 12.

Red Bud. A very ornamental tree, producing reddish purple flowers early in the spring. It is an attractive tree. 5 to 6 feet, 20 cents each, \$2.00 per 12; large trees 6 to 8 feet, 60 cents each.

Russian Mulberry. A tree well adapted to our hot climate; grows rapidly, making a beautifully shaped tree, which is hardy and long-lived. Price for nice well-branched trees: 6 to 7 feet, 30 cents each, \$3.00 per 12; 5 to 6 feet, 20 cents each, \$2.00 per 12. 8 to 10 feet, well-formed trees, 60 cents, \$6.00 per 12.

Non-bearing Mulberry. Another hardy, quick-growing shade tree, like the Russian, but certain not to bear fruit. One year, grafted trees. 5 to 6 feet, 35 cents each. \$3.50 per 12.

Sterculia Platanaefolia (Varnish Tree). A very desirable shade tree of rapid growth. Leaves large, bark very smooth and green. 4 to 5 feet, 40 cents.

Ligustrum Japonicum (Japan Privet). Makes a fine evergreen shade tree, having dark green leaves, large bunches of white flowers in spring, followed by purple berries in autumn. Trees trimmed, 3 to 4 feet, 30 cents, \$3.00 per 12. 4 to 5 feet, 40 cents, \$4.00 per 12. 5 to 6 feet, 50 cents, \$5.00 per 12. Bushy plants, 2 to 4 feet, 20 cents, \$2.00 per 12.

Ash. Grows to a nicely shaped tree. 6 to 7 feet, 30 cents; \$3.00 per 12. 5 to 6 feet, 20 cents each, \$2.00 per 12. 7 to 8 feet, 50 cents, \$5.00 per 12.

Weeping Willow. A well-known, grand old tree with long branches that droop downward. Price. 5 feet, 25 cents.

Flowering Willow. These are natives of the dry section of West Texas. They grow on any soil and bloom constantly from spring until late fall. We have white and purple flowering. Price of trees, 4 to 6 feet, 25 cents each; \$2.50 per 12; 3 to 4 feet, 20 cents, \$2.00 per 12.

Evergreens

A few Arbor Vitae, or other evergreens, planted in the yard add much to the appearance of your home. No yard fence is so restful as an evergreen hedge. Plant a row of cheap Arbor Vitae for wind-breaks.

Einige Lebensbäume oder andere immergrüne Bäume oder Sträucher im Hofe verschönern das Heim sehr. Die schönste Einfriedigung ist eine immergrüne Hecke. Man pflanze eine Reihe billige Lebensbäume als Schutz gegen den Wind.

Wir machen auf die niedrigen Preise in der folgenden Liste aufmerksam.

Dwarf Golden Arbor Vitae. A perfect gem for garden or cemetery. Will not grow higher than 7 or 8 feet. 2 feet, 40 cents each, \$4.00 per 12. 1 foot, 20 cents, \$2.00 per 12.

Golden Arbor Vitae. Very handsome, green with a beautiful yellow tint. 2 feet, 30 cents each, \$3.00 per 12.

Golden Pyramidal Arbor Vitae. Like the Golden, but of upright growth. 2 feet, 30 cents each, \$3.00 per 12. 3 feet 50 cents each, \$5.00 per 12.

Rosedale Arbor Vitae. The most beautiful of all Arbor Vitae; of compact growth, with fine, cedar-like foliage of a bluish cast; 2 feet 30 cents each, \$3.00 per 12. 3 feet, 50 cents each, \$5.00 per 12.

Compact Arbor Vitae. Very compact growth, of a dark green color and of globular shape. 2 feet, 30 cents each, \$3.00 per 12.

Chinese Arbor Vitae. Vigorous and hardy, of dark green color. Much planted for wind-breaks. 2 to 3 feet, 20 cents each; \$2.00 per 12. 3 to 4 feet, heavy trees, 30 cents each, \$3.00 per 12. 4 to 5 feet, 50 cents.

Cypress, Pyramidal. A beautiful evergreen of rapid, upright growth. 1 foot, 40 cents, 2 feet, 50 cents each. 5 to 6 feet \$1.25 each.

(Notice.—Our Cypress Pyramidalis are pot grown one year before being planted in open ground, which gives the plants a fine root system.)

Red Cedar. A handsome evergreen, easy to transplant. 2 feet, 35 cents each; 1 foot, 20 cents each; 3 to 4 feet, tree form, 50 cents each.

Buxus Arborescens. An old favorite, fine for hedging. Nice bushes, 25 cents each; small, 15 cents each, \$1.50 per 12.

Everblooming Roses

"The Queen of Flowers"

For outdoor planting we consider these the cream of the world. They will bloom from spring until frost if given a little attention to keep them growing. We sell strong bushes, grown in the field. All have bloomed, and will commence blooming early in spring after planting.

The following varieties are the best and finest obtainable. All are hardy outdoors. Trim off about one-half of the wood when planted.

Für den Garten gibt es nichts Schöneres als immerblühende Rosen. Vom Frühjahr bis zum Frostwetter blühen sie, wenn man sie ein wenig pflegt, so daß sie beständig wachsen. Wir verkaufen starke, im Felde gezogene Büsche, die alle geblüht haben und in den ersten Frühlingstagen nach dem Verpflanzen wieder anfangen werden.

Die folgenden Sorten sind die besten und feinsten, die man bekommen kann. Alle halten unsern Winter ohne Schutz aus. Man schneide um ungefähr die Hälfte zurück beim Pflanzen.

Planting, Cultivating, etc.

If trees cannot be planted immediately when received they should be unpacked and set in a trench; cover roots with mellow earth and thoroughly wet. If trees are frozen when received, the whole bundle should be laid in a trench and covered with earth, or placed in a cool cellar until the weather moderates.

To plant trees dig holes large enough to hold roots in their natural position. When a plow can be used the holes are easily dug by throwing out two or three furrows, and shoveling out the dirt where the tree are to stand. Set the tree so that it will stand the same depth as it did in the nursery, then fill in soil to cover roots, and pour in a bucket or two of water. When this is soaked into the ground, then fill in the balance of soil, and then cut the tree back to about 2 to 4 feet, according to size and age of tree.

Cultivating.—Frequent and thorough cultivation, especially for the first year or two, is almost necessary.

To prevent rabbits from injuring young trees, would suggest that either corn stalks or old newspapers be tied around each tree.

Selection of Varieties.—Except where particular varieties are wanted, the best assortment is secured by leaving the selection to us, stating the general character of soil, the desired time of ripening, etc.

We buy seedling peach seed, or all small seeds. Write us for prices. We don't want the very large seed.

CERTIFICATE OF INSPECTION OF NURSERY STOCK.

Copy of Certificate will accompany each Shipment.

La Grange, Texas, December 12, 1914.

Mr. A. W. Steinbring.

Dear Sir, Plants came on the 3rd day of this month and I was indeed glad to get them, I feel duty-bound to return thanks for liberality in sending so much more than I ordered, and for your promptness of de-

livering and care in packing, it was indeed a surprise to me, every plant perfect healthy and much larger than I had expected. The very small price I paid for them is almost nothing compared to my gratitude.

Very truly yours, Mrs. A. C. F.

Clint, Texas, March 10, 1915.

Mr. A. W. Steinbring, Nurseryman, New Braunfels, Texas.

Dear Sir:— The plants I ordered of you recently, came very promptly and have pleased me far beyond my expectations. I was surprised, first, at the size of everything you sent — they are all much larger, stronger plants than your catalogue promises; and, secondly, I was greatly surprised at the number of fine plants you sent gratis; these "free gifts" considerably more than pay the express. It is certainly the greatest value I ever received from any firm and I thank you most heartily for the magnificent way you have dealt with me and I assure you I shall be more than pleased to recommend you to my friends and to send you further orders when I am ready to make further purchases. Again thanking you and wishing God's blessing on your business for your honest dealings, I am, Yours respectfully, Mrs. E. G. H.

Werther Herr! Ich habe die Pflanzen, die ich von Ihnen bestellt habe, erhalten. Es sind ja prachtvolle Rosenstöcke, was Sie mir geschickt haben, und danke ich Ihnen herzlich für alle die übrigen Pflanzen was Sie mir noch mehr geschickt haben. Achtungsvoll, Fr. E. S.

Winchester, Texas, January 9, 1915

Mr. A. W. Steinbring, New Braunfels.

Dear Sir:— You will find another order enclosed. The peach trees and grape vines we bought from you last year made a fine growth.

Very respectfully, Mrs. M. E. W.

Nopal, Texas, December 14, 1914.

Mr. A. W. Steinbring, New Braunfels, Texas.

Dear Sir:— I received my fruit trees and other plants in fine condition, they are entirely satisfactory. Many thanks for the extras that you sent with my order.

Respectfully, Mrs. J. D.

Dubose, Texas, January 5, 1915.

Mr. A. W. Steinbring, New Braunfels, Texas.

Sir:— Please find enclosed ——— for ———. My mother — has just received plants she ordered from you a few days ago and wishes me to say, she is simply delighted with all, and thanks you as much for the extras you sent. All exceeded her expectations in size. I shall take pleasure in recommending your house to my friends.

Yours respectfully, E. L. W.

Derby, Texas, April 1, 1915.

A. W. Steinbring.

Dear Sir:— I am writing to let you know that all my shrubbery I bought from you about one month ago is coming out, am so well pleased with it all and wish to extend to you my thanks for the many little things you sent complimentary. Hope to place an order with you again next spring.

Very respectfully, (Mrs.) H. B.

Pearsall, Texas, December 14, 1914.

Mr. A. W. Steinbring, New Braunfels, Texas.

Dear Sir:— We received the fruit trees and flowers Friday. I want to say to you that they are the best set of trees I've seen for the money. They are stocky with a fine system of roots and were nicely packed and came in fine condition. You certainly give a man full value for his money and I appreciate it very much, my wife joins me in thanking you.

Respectfully, M. M.

Rockport, Texas, March 15, 1915.

Mr. Steinbring.

Dear Sir:— The shipment of trees and roses came to me all right and must say that I am more than pleased with your treatment. As it is late I expect that I am through for this spring. But I will assure you that I will call at your nursery and will want a lot of trees etc. this fall. Your roses are the best that I have ever seen. Wishing you all the success anyone could have, I am yours, E. E. J.

Enclosed find ——— for ———. Your stock is all very nice, have never failed to grow anything bought from you. Many thanks, E. B.

Floresville, Texas, February 17, 1915.

Mr. A. W. Steinbring, New Braunfels, Texas.

Dear Sir:— Please ship me the following ———. About a year ago I sent you a small order for figs and roses — was much surprised at the generous way you filled my order and still better pleased at the way the things grew. Have not lost a single one to date.

Yours very truly, M. P. S.

Stockdale, Texas, February 25, 1915.

Mr. Steinbring, New Braunfels, Texas.

Dear Sir:— The grape vines and other shrubbery came in excellent condition and accept my thanks for the number of "extras" you sent.

Respectfully yours, D. M. H.

Shiner, Texas, den 13. März 1915.

Werther Herr Steinbring! Wir haben die Ziersträucher erhalten; es sind die besten, die ich noch je erhalten habe, und meinen besten Dank für die Zugabe. Fr. F. G.

Bitte schicken Sie mir noch ———. Mit Gruß Fr. G.

Plantersville, Texas, April 26, 1915.

Mr. A. W. Steinbring, New Braunfels.

Dear Sir:— Am enclosing ———. The eight rose bushes you shipped me last fall all lived and are now in bloom. The peach trees bought from you last fall a year ago all lived but one; and several of those trees have fruit on them now, I am delighted with your stock of roses and trees. Be sure to send me your catalogue of fall 1915, also send one to ———.

Respectfully, Mrs. S. W.

Home and Grounds at Steinbring's Nursery. Beautify your home with a few plantings in the yard and odd corners; we like to see it; we will help you, it costs you but a little.

Altheas, as a hedge. One of our best summer flowering shrubs.

Queen's Wreath. (*Antigonon leptopus*.) Growing along the
 ... fence, The South's most beautiful climber.

Pyramidal Cypress at Steinbring's Nursery.

Ligustrum Japonicum. The stately evergreen tree. We have a large stock of these in sizes from 3 to 7 feet. Plant this in any kind of soil, it will grow; is entirely hardy here.

Rosedale Arbor Vitae; you will find a big lot of these in our Nursery.

A block of our **Peach Seedlings**, in budding time; nothing but buds from good bearing varieties are taken.

“Pallas” Peach Trees, one year old. The best peach to plant south of here.

Umbrella China. This tree is 15 years old. We grow the genuine “Umbrella” variety.

Pyramidal Arbor Vitae (left), Althea (right).

Bignonia. (Trumpet Vine.) A hardy variety. In bloom all summer.

Dwarf Golden Arbor Vitae; of which we have a large stock.

In the Tuberose. The single variety; grows and blooms freely.

The foregoing few illustrations are from actual photographs taken at our place.

Our shipping season opens about the first of November, or right after the first good frost. We will book orders at any time, and ship when in proper condition, or just any day when wanted after the season's opening.

Seeds can be sent at any time, by mail postpaid, orders for not less than twenty-five cents.

Are you going to make any plantings this season; if so, will you not use some of our stock?

With my hard work and a large amount of money spent I have an "extra" large and fine lot of nursery stock, and therefore need the orders.

We offer only "Tested Varieties", you will find our prices right, and I guarantee satisfaction.

Yours for Success,

A. W. Steinbring.

Dianthus. (Pink.) One of the prettiest of cut flowers. The colors are rich and striking. Choice mixed, 15 cents per 12.

Stocks. (Ten Weeks.) These bear an immense quantity of bloom, each plant forming a perfect bouquet. Double and single, all colors, mixed, 15 cents per 12.

Bermuda Easter Lily. Waxy-white flowers, produced in spring. Very showy. 10 cents per bulb, \$1.00 per 12.

Compacta Arbor Vitae. (See page 15.) We have this also in 1 foot trees, at 20 cents each, \$2.00 per 12.

Of the above items we are going to have a good stock, we only failed to list them under proper headings.

ORDER SHEET.
